LEAN CONFERENCE TBC

The KZN Lean Conference is held annually to inspire the creation of thinking organizations that are agile, productive and competitive. It's a 2 1/2 day event, the programme is designed to ensure that delegates learn new tools, new thinking and gain insights from other people's experiences. How? We bring an internationally recognized Sensei out to teach new thinking, the conference features several local case studies to learn from and day 3 incorporates a Gemba at a local factory. An event with plenty of "aha"-moments that you definitely shouldn't miss!
